2 Basis of preparation of financial statements and significant accounting policies

2.1 Basis of preparation of financial statements

The financial statements of the Bank as at 30 September 2024 have been prepared on going concern basis under historical cost convention and in accordance with the "First Schedule" of the Bank Companies Act, 1991 as amended by BRPD Circular No. 14 dated 25th June 2003, other Circulars of Bangladesh Bank, International Financial Reporting Standards (IFRS), the Companies Act 1994, the Securities and Exchange Rules 1987, and other laws and rules applicable for Banks in Bangladesh. The Financial Reporting Act 2015 (FRA) was enacted in 2015. Under the FRA, the Financial Reporting Council (FRC) is formed and it is yet to issue financial reporting standards for public interest entities such as banks. The Bank Companies Act 1991 has been amended to require banks to prepare their financial statements under such financial reporting standards. As per the provisions of the FRA and hence International Financial Reporting Standards (IFRS) as approved by the Institute of Chartered Accountants of Bangladesh (ICAB) are still applicable. In case of any requirement of the Bank Companies Act 1991, and provisions and circulars issued by Bangladesh Bank differ with those of other regulatory authorities and IFRS, the requirements of the Bank Companies Act 1991, and provisions and circulars issued by Bangladesh Bank prevailed. Material departures from the requirements of IFRS are as follows:

i) Presentation of Financial statements

IFRS: As per IAS 1 financial statements shall comprise statement of financial position, comprehensive income statement, changes in equity, statement of cash flows, adequate notes comprising summery of accounting policies and other explanatory information. As per para 60 of IAS 1, the entity shall also present current and non-current assets and liabilities as separate classifications in its statement of financial position.

Bangladesh Bank: The presentation of the financial statements in prescribed format (i.e. balance sheet, profit and loss account, cash flow statement, statement of changes in equity, liquidity statement) and certain disclosures therein are guided by the First Schedule (Section 38) of the Bank Company Act 1991 (amendment up to date) and BRPD circular no. 14 dated 25 June 2003 and subsequent guidelines of Bangladesh Bank. In the prescribed format, there is no option to present assets and liabilities under current and non-current classifications.

ii) Investment in shares and securities (Equity Shares, Mutual Funds etc.)

IFRS: As per requirements of IFRS 9, classification and measurement of investment in shares and securities will depend on how these are managed (the entity's business model) and their contractual cash flow characteristics. Based on these factors it would generally fall either under "at fair value through profit or loss account" or under "at fair value through other comprehensive income" where any change in the fair value (as measured in accordance with IFRS 13) at the year-end is taken to profit and loss account or other comprehensive income respectively.

Bangladesh Bank: As per Banking Regulation and Policy Department (BRPD) circular no. 14 dated 25 June 2003 investments in quoted shares and unquoted shares are revalued at the year end at market price and as per net assets value of last audited balance sheet respectively. As per Department of Off-site Supervision (DOS) Circular Letter No. 03 date 12 March 2015 investments in mutual fund (close-end) is revalued at lower of cost and higher of market value and 85% of NAV. And as per DOS Circular Letter No. 10 date 28 June 2015 investments in mutual fund (open-end) is revalued at lower of cost and higher of market value and 95% of NAV. As per DOS Circular No. 01 date 10 February 2020 any investment under the special fund for investment in capital market is not revalued i.e. presented at cost. Provision should be made for any loss arising from diminution in value of investment; otherwise investments are recognised at cost.

iii) Revaluation gains/losses on Government securities

IFRS: As per requirement of IFRS 9 where securities will fall under the category of fair value through profit or loss account, any change in the fair value of assets is recognised through the profit and loss account. Securities designated as amortised cost are measured at effective interest rate method and interest income is recognised through the profit and loss account.

Bangladesh Bank: According to Department of Offsite Supervision (DOS) Circular # 05, dated 26 May 2008 and subsequent clarification in DOS Circular # 05, dated 28 January 2009 of Bangladesh Bank, Government securities (Treasury Bill / Treasury Bond) are classified in Held for Trading (HFT) and Held to Maturity (HTM). HFT securities are revalued on the basis of mark to market and any gain on revaluation of securities which have not matured as at the balance sheet date are recognized in other reserve as a part of equity and any loss on revaluation of securities which have not matured as at balance sheet date are charged in the profit and loss account. Interest on HFT securities including amortization of discount is recognized in the profit and loss account. HTM securities which have not matured as at balance sheet date are measured at amortized cost method and gains or losses on amortization are recognized in other reserve as a part of equity.

iv) Provision on loans and advances/investments

IFRS: As per IFRS 9 an entity shall recognise an impairment allowance on loans and advances based on expected credit losses. At each reporting date, an entity shall measure the impairment allowance for loans and advances at an amount equal to the lifetime expected credit losses if the credit risk on these loans and advances has increased significantly since initial recognition whether assessed on an individual or collective basis considering all reasonable information, including that which is forward-looking. For those loans and advances for which the credit risk has not increased significantly since initial recognition, at each reporting date, an entity shall measure the impairment allowance at an amount equal to 12 month expected credit losses that may result from default events on such loans and advances that are possible within 12 months after reporting date.

Bangladesh Bank: As per BRPD circular letter no. 53 (22 December 2022), BRPD circular letter no. 52 (20 October 2020), BRPD circular No. 16 (21 July 2020), BRPD circular no.24 (17 November 2019), BRPD circular no.6 (19 May 2019), BRPD circular no.4 (16 May 2019), BRPD circular no.3 (21 April 2019), BRPD circular no.15 (27 September 2017), BRPD circular no.16 (18 November 2014), BRPD circular no. 14 dated 23 September 2012, BRPD circular no. 19 dated 27 December 2012, BRPD circular no. 05 dated 29 May 2013 & BRPD circular no. 16 dated 18 November 2014, a general provision at 0.25% to 2% under different categories of unclassified loans (good/standard loans) has to be maintained regardless of objective evidence of impairment. Also provision for sub-standard loans, doubtful loans and bad losses has to be provided at 20%, 50% and 100% respectively for loans and advances depending on time past due. Again as per BRPD circular no. 10 dated 18 September 2007 and BRPD circular no. 14 dated 23 September 2012, a general provision at 1% is required to be provided for all off-balance sheet exposures. Such provision policies are not specifically in line with those prescribed by IFRS 9. However, if there is any stay order issued by the Honourable High Court Division of the Supreme Court of Bangladesh against any non-performing loans for reporting such loans as unclassified category, the Bank maintains at least general provision for such loans under unclassified loan category as per Bangladesh Bank guidelines. Where Bangladesh Bank suggests any additional provision to be maintained for such loans, the Bank complies with that.

v) Recognition of interest in suspense

IFRS: Loans and advances to customers are generally classified at amortised cost as per IFRS 9 and interest income is recognised by using the effective interest rate method to the gross carrying amount over the term of the loan. Once a loan subsequently become credit-impaired, the entity shall apply the effective interest rate to the amortised cost of these loans and advances.

Bangladesh Bank: As per BRPD circular no. 14 dated 23 September 2012, once a loan is classified as impaired, interest on such loans are not allowed to be recognised as income, rather the corresponding amount needs to be credited to an interest in suspense account, which is presented as liability in the balance sheet.

vi) Other comprehensive income and appropriation of profit

IFRS: As per IAS 1 Other Comprehensive Income (OCI) is a component of financial statements or the elements of OCI are to be included in a single Other Comprehensive Income statement.

Bangladesh Bank: Bangladesh Bank has issued templates for financial statements which will strictly be followed by all banks. The templates of financial statements issued by Bangladesh Bank do not include Other Comprehensive Income nor are the elements of Other Comprehensive Income allowed to be included in a single Other Comprehensive Income (OCI) Statement. As such the Bank does not prepare the other comprehensive income statement. However, elements of OCI, if any, are shown in the statements of changes in equity.

vii) Financial instruments - presentation and disclosure

In several cases Bangladesh Bank guidelines categorise, recognise, measure and present financial instruments differently from those prescribed in IFRS 9. As such full disclosure and presentation requirements of IFRS 7 and IAS 32 cannot be made in the financial statements.

viii) Financial guarantees

IFRS: As per IFRS 9, financial guarantees are contracts that require the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtors fails to make payment when due in accordance with the original or modified terms of a debt instrument. Financial guarantee liabilities are recognised initially at their fair value plus transaction costs that are directly attributable to the issue of the financial liabilities. The financial guarantee liability is subsequently measured at the higher of the amount of loss allowance for expected credit losses as per impairment requirement and the amount initially recognised less, income recognised in accordance with the principles of IFRS 15. Financial guarantees are included within other liabilities.

Bangladesh Bank: As per BRPD Circular No. 14 dated 25th June 2003, financial guarantees such as letters of credit, letters of guarantee will be treated as off-balance sheet items. No liability is recognized for the guarantee except the cash margin. Money at call on short notice is shown separately in the balance sheet. Treasury bills with maturity of more than three months and prize bond are shown under investment in the balance sheet.

x) Repo and reverse repo transactions

IFRS: As per IFRS 9 when an entity sells a financial asset and simultaneously enters into an agreement to repurchase the asset (or a similar asset) at a fixed price on a future date (repo), the arrangement is treated as a loan and the underlying asset continues to be recognised at amortised cost in the entity's financial statements. The difference between selling price and repurchase price will be treated as interest expense. The same rule applies to the opposite side of the transaction (reverse repo).

Bangladesh Bank: As per Department of Off-Site Supervision (DOS) Circular letter no. 06 dated 15 July 2010 and subsequent clarification in DOS circular no. 02 dated 23 January 2013, when a bank sells a financial asset and simultaneously enters into an agreement to repurchase the asset (or a similar asset) at a fixed price on a future date (repo or stock lending), the arrangement is accounted for as a normal sales transaction and the financial asset is derecognised in the seller's book and recognised in the buyer's book. However, as per Debt Management Department (DMD) circular letter no. 7 dated 29 July 2012, non primary dealer banks are eligible to participate in the Assured Liquidity Support (ALS) program, whereby such banks may enter collateralized repo arrangements with Bangladesh Bank. Here the selling bank accounts for the arrangement as a loan, thereby continuing to recognize the asset.

xi) Non-banking asset

IFRS: No indication of Non-banking assets is found in any IFRS.

Bangladesh Bank: As per BRPD 14, there is a separate balance sheet item named Non-banking assets existed in the standard format.

IFRS: There is no concept of off-balance sheet items in any IFRS; hence there is no requirement for disclosure of off-balance sheet items on the face of the balance sheet.

Bangladesh Bank: As per BRPD Circular No. 14 dated 25th June 2003, off balance sheet items (e.g. Letters of credit, Letters of guarantee etc.) must be disclosed separately on the face of the balance sheet.

xvi) Loans and advances net of provision

IFRS: Loans and advances/Investments should be presented net of provision.

Bangladesh Bank: As per BRPD Circular No. 14 dated 25th June 2003, provision on loans and advances/investments are presented separately as liability and cannot be netted off against loans and advances.

BRPD circular No.14 (23 September 2012) as amended by BRPD circular No. 19 (27 December 2012) also provides scope for further provisioning based on qualitative judgments. If the specific provisions assessed under the qualitative methodology are higher than the specific provisions assessed under the formulaic approach, the higher of the two is recognised in liabilities under "Provision for loans and advances" with any movement in the provision charged/released in the profit and loss account. Classified loans are categorised into sub-standard, doubtful and bad/loss based on the criteria stipulated by Bangladesh Bank guideline.

Loans are normally written off, when there is no realistic prospect of recovery of these amounts and in accordance with BRPD circular No.01 (06 February 2019), BRPD circular No.13 (07 November 2013) and BRPD circular No.2 (13 January 2003). A separate Debt Collection Unit (DCU) has been set up which monitors loans written off and legal action taken through the money loan court. These write-offs do not undermine or affect the amount claimed against the borrower by the Bank.

The DCU maintains a separate record for all individual cases written off by each branch. d. Workers Profit Participation Fund and Welfare Fund

SRO-336-AIN/2010 dated 5-10-2010 issued by the 'Ministry of Labour and Employment' declares the status of business of certain institutions and companies along with Bank & insurance companies as "Industrial Undertakings" for the purposes of Chapter-XV of the Bangladesh Labour Act, 2006 (as amended up to 2013) which deals with the workers' participation in company's profit by way of 'Workers Participation Fund' and 'Welfare Fund'. This Act requires the "Industrial Undertakings" to maintain provision for workers' profit participation fund @ 5% on net profit. Since this requirement contradicts with the 'Section 11' of the 'Bank Company Act 1991 (as amended up to 2018)', Banks in Bangladesh took up the issue collectively and sought opinion from 'Association of Bankers Bangladesh Limited (ABB)' on the same. ABB wrote a letter to the 'Ministry of Finance' of Government of People's Republic of Bangladesh on 09.03.2016 to draw attention of the honourable Finance Minister regarding relevance and applicability of Chapter XV of the Bangladesh Labour Act, 2006 (as amended up to 2013) for Bank Companies and to obtain a direction on the issue. The 'Ministry of Finance' revealed their opinion that WPPF should not be relevant for Bank Companies and therefore, it should not be applied there. They also sought for an opinion on this issue from Bangladesh Bank. Subsequently, Bangladesh Bank agreed on all the logics and legal opinion collected by the ABB and expressed their consensus with them on 29.11.2016. In this backdrop, the 'Ministry of Finance' has given their instruction, vide letter no. 53.00.0000.311.22.002.17.130 dated 14.02.2017, for not applying Chapter XV of the Bangladesh Labour Act, 2006 (as amended up to 2013) in Bank Companies. Therefore, no provision in this regard has been made in the financial statements for the year ended on September 2024.

The various types of revenue are recognised by the Bank under the following ways:

2.31.1 Interest income (conventional banking)

In terms of the provision of the IFRS 9 – "Financial Instruments" the interest income is recognized on accrual basis. In accordance with BRPD circular No.14 (23 September 2012) as amended by BRPD circular No. 19 (27 December 2012) interest accrued on sub-standard loans and doubtful loans are credited to an "Interest Suspense Account" which is included within "Other liabilities". Interest from loans and advances ceases to be accrued when they are classified as bad/loss. The interest is then kept in a memorandum account. Interest received on sub-standard loans, doubtful loans and bad/loss loans are retained in the "Interest Suspense Account" until the loan is no longer considered to be impaired.

2.31.2 Profit on investment (Islamic banking)

Income from general investments is accounted for on accrual basis except investments under Musharaka, Mudaraba, Bai-Salam, Bai-as-Sarf and Ijarah modes, where the investment income is accounted for on realization basis. The Wing does not charge any rent during the gestation period of investment against Hire Purchase under Shirkatul Melk (HPSM) mode but it fixes the sale price of the assets at a higher level in such a way to cover its expected rate of return. Such income is recognized on realization basis.

2.31.3 Investment income

Income on investments is recognized on accrual basis. Investment income includes discount on treasury bills and interest on treasury bonds. Capital gain on investments in shares is also included in investment income. Capital gain is recognized when it is realized.

2.31.4 Fees and commission income

The Bank earns fees and commission from a diverse range of services provided to its customers. Fees and commission income is recognized on realization basis. Commission charged to customers on letters of credit and letters of guarantee are credited to income at the time of effecting the transactions.

2.31.5 Dividend income on shares

Dividend income from an investment is recognised when the Bank's right to receive payment is established (declared and approved by the shareholders in the Annual General Meeting of the investee).

2.31.6 Interest paid on borrowings and deposits (conventional banking)

Interest paid on borrowings and deposits is calculated on daily basis and recognized on accrual basis.

2.31.7 Profit shared on deposits (Islamic banking)

Profit on deposits are recognized on accrual basis. Mudaraba depositors of the IBW share income derived from investing activities deploying the Mudaraba funds. Income under these categories includes profit, dividend, capital gain, rent, exchange gain and any other gain derived from deployment of Mudaraba funds.

2.31.8 Management and other expenses

Expenses incurred by the Bank are recognized on accrual basis.

2.32 Earnings per share (EPS)

Earnings per share (EPS) have been calculated in accordance with IAS 33 — "Earnings per Share", which is shown on the face of the Profit & Loss Account. This has been calculated by dividing the net profit after tax by the weighted average number of ordinary shares outstanding as on 30 September 2023. This represent the number of ordinary shares outstanding at the beginning of the year plus the number of ordinary shares issued during the year multiplied by a time weighted factor. The time weighted factor is the number of days the specific shares are outstanding as a proportion of the total number of days in the year.

No diluted earnings per share are required to be calculated for the period, as there was no element or scope for dilution during the period under review.

2.33 Off-setting financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount reported in the Balance Sheet when and only when the Bank has a legal right to offset the recognized amount and intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

Income and expenses are presented on a net basis only when permitted by the accounting standards or for gains or losses arising from a group of similar transactions.

2.34 Leases

IFRS 16 Leases is effective for the annual reporting periods beginning on or after 1 January 2019. IFRS 16 defines that a contract is (or contains) a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Under IFRS 16, an entity shall be recognizing a right-of-use (ROU) asset (i.e. the right to use the office building, branches, service centre, call centre, warehouse, etc.) and a corresponding lease liability. The asset and the liability are initially measured at the present value of unavoidable lease payments. The depreciation of the lease asset (ROU) and the interest on the lease liability is recognized in the profit or loss account over the lease term replacing the previous heading 'lease rent expenses'.

The Bank applied IFRS 16 using modified retrospective approach where the bank measured the lease liability at the present value of the remaining lease payments, discounted it using incremental borrowing rate at the date of initial application, and recognised a right-of-use asset at the date of the initial application on a lease by lease basis.

Right-of-use assets are measured at cost, less any accumulated depreciation, and adjusted for any remeasurement of lease liabilities. Right-of-use assets are depreciated on a straight-line basis over the lease term. The right-of-use assets are presented under property, plant and equipment in the financial statements.

After initial recognition of lease liability, the Bank increase the carrying amount to reflect the interest on the lease liability and thereafter reduce the carrying amount while the lease payments has been made. And remeasured the carrying amount for any lease modifications.

While implementation IFRS 16, the Bank observed that IFRS 16 is expected to have impact on various regulatory capital and liquidity ratios as well as other statutory requirements issued by various regulators. In addition, there are no direction from National Board of Revenue (NBR) regarding treatment of lease rent, depreciation on ROU assets and interest on lease liability for income tax purposes and applicability of VAT on such items. Finally, paragraph 5 of IFRS 16 provide the recognition exemptions to short-term leases and leases for which the underlying asset is of low value. Although, paragraphs B3 to B8 of the Application Guidance (Appendix B) of IFRS 16 provide some qualitative guidance on low value asset, but these guidance is focused towards moveable asset. Immovable asset like rental of premises (i.e. real estate) is not covered on those guidance, nor any benchmark on quantification guidance on low value items have been agreed locally in Bangladesh.

The Bank has defined 'low value asset' which are to be excluded from IFRS 16 requirement and considered lease of 'Generator space' and 'ATM Booths and other installations' as low value asset. The Bank recognises lease payments associated with these leases as an expense. On transaction to IFRS 16 the weighted average incremental borrowing rate applied to lease liabilities recognized under IFRS 16 was 6%.

Bank has applied "COVID 19 related rent concession (amendment to IFRS 16 2020,) " and "COVID 19 related rent concession (amendment to IFRS 16 2021,) "regarding the amendment of lease modification clause i.e. 46A & 46B and applied the practical expedient to rent concessions that meet the conditions in paragraph 46B.

2.35 Dividend policy

The Bank's policy is to maximize the shareholders' wealth. As a result, the bank tries to allocate optimum dividend to the shareholders for each operational year, after payment of income tax, transfer of fund to regulatory reserve, provision for loans and advances, etc. Final dividend is recognized when it is approved by the shareholders in the Annual General Meeting. The payment of dividend is made within the time prescribed by the Bangladesh Securities and Exchange Commission.
